Advance in Tonnage Rates at Vancouver Calls for Strong Objection from Greenfield Cabinet—Delegation from Board of Trade Waits upon Thursday Morning

The government of Alberta last night despatched strong protests to the Dominion and the provinces against the action of the Board of Trade of Vancouver in advancing the rate of tonnage rates from one cent to ten cents a ton on the Pacific coast. Mr. W. L. Mackenzie King, Hon. Charles Stewart, minister of the interior, and to Frederick John Oliver, H.C., each asking that the step taken by the Vancouver board be reversed.

During the morning the government met a delegation from the Board of Trade of Vancouver, which had come to the legislature to protest against the action of the government in reducing the tonnage rates.

A NICE COOL FIRST OF JULY!

Incubated in July? Seems rather hard to believe, yet that's what happened to the B. R. Bayhorne during his far-trading expedition into the Arctic. The Bayhorne, a Hudson Bay Company vessel, carried 200 million fathoms of Alaskan and Siberian furs it brought back.

Mr. Bayhorne's expedition on his way to the Arctic was a success. He returned with a cargo of 200 million fathoms of Alaskan and Siberian furs.

Winnipeg Grain

WINNIPEG, Nov. 29.—(Continued) to exporters and large holding sales resulted in a weak market here today with wheat declining about 1 1/2 to 1 3/4 below yesterday. The November position was especially heavy with elevator interests and the close showed a loss of 1 1/2. There was good buying in the December and May sections, but the extreme weakness in November continued at positions downward. High Liverpool cables were ignored. The heavy receipts and lack of buying

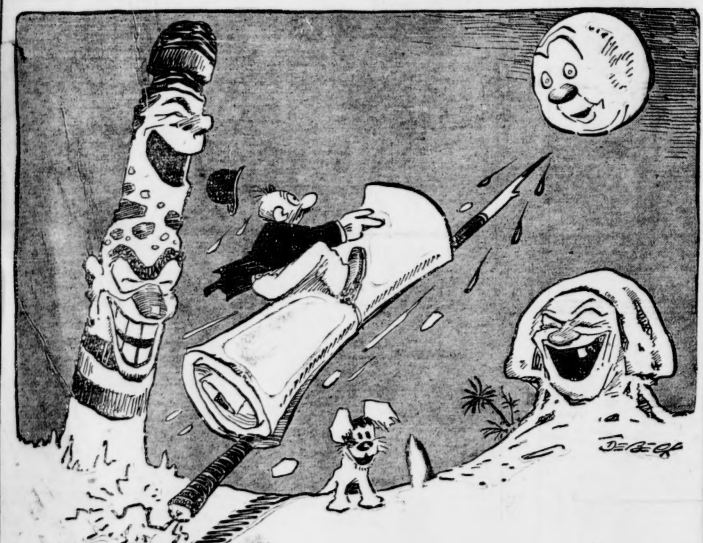

power causing the majority of the trade to see nothing but lower prices. The coarse grain markets were following the trend of wheat and were all showing weakness. There was some business passing but supplies were liberal and easily satisfied. The demand for flax was light. Heavy offerings were thrown on the cash wheat market this morning followed by country grain dealers going through the clearing grades and the market declined. Buyers took only their requirements to take the morning and then backed out of the market. Cash coarse grains were in fair demand, while flax was neglected.
